SEPTIC SYSTEM COMPLIANCE INSPECTION REMINDER

On July 30, 2019 a compliance inspection conducted by Midwest Sewer Services on the existing subsurface sewage treatment system (SSTS) located at 2818 Lisbon Ave N determined that the system was non-compliant. The Washington County Department of Public Health & Environment issued orders that the SSTS be replaced within six (6) months.

The six (6) month compliance deadline has passed, and as of the date of this correspondence, the Department has not received a permit application for the replacement of the SSTS. Please contact Joe Sanders at 651-430-6679 or by email at joe.sanders@co.washington.mn.us and provide an update to staff as to when the SSTS will be replaced and brought into compliance.

The Department recognizes that repairing or replacing an SSTS can seem like a daunting task. Financial assistance is available through Washington County in the form of low-interest loans and grants from low-income residents. Please visit www.washington.mn.us/septic for more information on financial assistance and the processes of repairing or replacing an SSTS.

Sincerely,

A handwritten signature in black ink, appearing to read "Joe Sanders".
