REGAURDING A RECENT SEPTIC SYSTEM COMPLIANCE INSPECTION

The Washington County Department of Public Health & Environment (Department) administers Subsurface Sewage Treatment System (SSTS) regulations in Washington County.

The Department received a Notice of Non-Compliance from Washington County for an SSTS located at 4295 Dorchester Ct. Woodbury, MN which was inspected on 5/28/2020.

The City of Woodbury has informed the Department that municipal sewer may be made available to this neighborhood and they are currently working on evaluating this as part of their work this year. Please contact the City of Woodbury for more information on the possibility municipal sewer and the evaluation project.

In the interim Washington County will not be requiring replacement of the SSTS serving this property until we know the results of the feasibility study and if municipal sewer service will be made available within a specified timeframe.

Staff here are available to answer questions and further explain this development and our processes. If you have any questions or comments, please contact Tyler Dale at 651-430-6741.

Sincerely,

A handwritten signature in black ink that reads "Tyler Dale".
