. Operating permit and nitrogen BMP* – Compliance compor	
. Operating permit and nitrogen BMP* – Compliance compor	Yes No If "yes", A below is require
Operating permit and nitrogen BMP* – Compliance comports Is the system operated under an Operating Permit?	Yes No If "yes", A below is require
Operating permit and nitrogen BMP* — Compliance comports Is the system operated under an Operating Permit? Is the system required to employ a Nitrogen BMP specified in the system design? □ Y BMP = Best Management Practice(s) specified in the system design	Yes No If "yes", A below is required
Operating permit and nitrogen BMP* – Compliance comports Is the system operated under an Operating Permit? Is the system required to employ a Nitrogen BMP specified in the system design? BMP = Best Management Practice(s) specified in the system design If the answer to both questions is "no", this section does not need to be	Yes No If "yes", A below is required
Operating permit and nitrogen BMP* – Compliance comports	Yes No If "yes", A below is required Yes No If "yes", B below is required Example completed.
Operating permit and nitrogen BMP* — Compliance comports Is the system operated under an Operating Permit? Is the system required to employ a Nitrogen BMP specified in the system design? BMP = Best Management Practice(s) specified in the system design If the answer to both questions is "no", this section does not need to be Compliance criteria: a. Have the operating permit requirements been met?	Yes No If "yes", A below is required Yes No If "yes", B below is required a completed.
Operating permit and nitrogen BMP* – Compliance comports Is the system operated under an Operating Permit? Is the system required to employ a Nitrogen BMP specified in the system design? BMP = Best Management Practice(s) specified in the system design If the answer to both questions is "no", this section does not need to be Compliance criteria: a. Have the operating permit requirements been met? b. Is the required nitrogen BMP in place and properly functioning? Yes Notes	Yes No If "yes", A below is required Yes No If "yes", B below is required to completed.
Operating permit and nitrogen BMP* – Compliance comports the system operated under an Operating Permit? Is the system required to employ a Nitrogen BMP specified in the system design? BMP = Best Management Practice(s) specified in the system design If the answer to both questions is "no", this section does not need to be Compliance criteria: a. Have the operating permit requirements been met? b. Is the required nitrogen BMP in place and properly functioning? Any "no" answer indicates noncompliance.	Yes No If "yes", A below is required Yes No If "yes", B below is required a completed.
Is the system operated under an Operating Permit? Is the system required to employ a Nitrogen BMP specified in the system design? BMP = Best Management Practice(s) specified in the system design If the answer to both questions is "no", this section does not need to be Compliance criteria: a. Have the operating permit requirements been met? b. Is the required nitrogen BMP in place and properly functioning? Yes Notes	Yes No If "yes", A below is required No If "yes", B below is required completed.
Operating permit and nitrogen BMP* – Compliance comports Is the system operated under an Operating Permit? Is the system required to employ a Nitrogen BMP specified in the system design? BMP = Best Management Practice(s) specified in the system design If the answer to both questions is "no", this section does not need to be Compliance criteria: a. Have the operating permit requirements been met? b. Is the required nitrogen BMP in place and properly functioning? Any "no" answer indicates noncompliance.	Yes No If "yes", A below is required to the No If "yes", B below is required to completed.
Operating permit and nitrogen BMP* – Compliance comports Is the system operated under an Operating Permit? Is the system required to employ a Nitrogen BMP specified in the system design? BMP = Best Management Practice(s) specified in the system design If the answer to both questions is "no", this section does not need to be Compliance criteria: a. Have the operating permit requirements been met? b. Is the required nitrogen BMP in place and properly functioning? Any "no" answer indicates noncompliance.	Yes No If "yes", A below is require Yes No If "yes", B below is require e completed.
Operating permit and nitrogen BMP* – Compliance comports Is the system operated under an Operating Permit? Is the system required to employ a Nitrogen BMP specified in the system design? BMP = Best Management Practice(s) specified in the system design If the answer to both questions is "no", this section does not need to be Compliance criteria: a. Have the operating permit requirements been met? b. Is the required nitrogen BMP in place and properly functioning? Any "no" answer indicates noncompliance.	Yes No If "yes", A below is require Yes No If "yes", B below is require e completed.
Operating permit and nitrogen BMP* — Compliance comport	Yes No If "yes", A below is require Yes No If "yes", B below is require e completed.
Is the system operated under an Operating Permit? Is the system required to employ a Nitrogen BMP specified in the system design? BMP = Best Management Practice(s) specified in the system design If the answer to both questions is "no", this section does not need to be Compliance criteria: a. Have the operating permit requirements been met? b. Is the required nitrogen BMP in place and properly functioning? Any "no" answer indicates noncompliance.	Yes No If "yes", A below is require Yes No If "yes", B below is require e completed.
Is the system operated under an Operating Permit? Is the system required to employ a Nitrogen BMP specified in the system design? BMP = Best Management Practice(s) specified in the system design If the answer to both questions is "no", this section does not need to be Compliance criteria: a. Have the operating permit requirements been met? b. Is the required nitrogen BMP in place and properly functioning? Any "no" answer indicates noncompliance.	Yes No If "yes", A below is require Yes No If "yes", B below is require e completed.
Is the system operated under an Operating Permit? Is the system required to employ a Nitrogen BMP specified in the system design? BMP = Best Management Practice(s) specified in the system design If the answer to both questions is "no", this section does not need to be Compliance criteria: a. Have the operating permit requirements been met? b. Is the required nitrogen BMP in place and properly functioning? Any "no" answer indicates noncompliance.	Yes No If "yes", A below is require Yes No If "yes", B below is require e completed.
