

Compliance inspection report form

520 Lafayette Road North St. Paul, MN 55155-4194

Existing Subsurface Sewage Treatment System (SSTS)

Doc Type: Compliance and Enforcement

Property information	Local tracking number:		
Parcel ID# or Sec/Twp/Range: 24.027.22.34.0010	Reason for Inspection property sale		
Local regulatory authority info: Washington County	<u></u>		
Property address: 5440 99th St S Grey Cloud Island Twp, MN	I 55071		
Owner/representative: Keith Peterson	Owner's phone: 612-490-3321		
Brief system description: Block tank			
System status			
System status on date (mm/dd/yyyy): 8/24/2023			
☐ Compliant – Certificate of compliance*	Noncompliant − Notice of noncompliance		
·			
(Valid for 3 years from report date unless evidence of an imminent threat to public health or safety requiring removal and abatement under section 145A.04, subdivision 8 is discovered or	Systems failing to protect ground water must be upgraded, replaced, use discontinued within the time required by local ordinance. An imminent threat to public health and safety (ITPHS) must be upgraded, replaced, or its use discontinued within ten months of received.		
a shorter time frame exists in Local Ordinance.)			
*Note: Compliance indicates conformance with Minn. R. 7080.1500 as of system status date above and does not guarantee future performance.	of this notice or within a shorter period if required by local ordinance of under section 145A.04 subdivision 8.

Drainfield meets the designed vertical separation distance from periodically saturated soil or bedrock.			
"Any "no" answer above indicates the t failing to protect groundwates	system in		

Upgrade requirements: (Minn. Stat. § 115.55) An imminent threat to public health and safety (ITPHS) must be upgraded, replaced, or its use discontinued within ten months of receipt of this notice or within a shorter period if required by local ordinance. If the system is failing to protect ground water, the system must be upgraded, replaced, or its use discontinued within the time required by local ordinance. If an existing system is not failing as defined in law, and has at least two feet of design soil separation, then the system need not be upgraded, replaced, or its use discontinued, notwithstanding any local ordinance that is more strict. This provision does not apply to systems in shoreland areas, Wellhead Protection Areas, or those used in connection with food, beverage, and lodging establishments as defined in law.
