REGARDING A RECENT SEPTIC SYSTEM COMPLIANCE INSPECTION

The Washington County Department of Public Health & Environment (Department) administers Subsurface Sewage Treatment System (SSTS) regulations in Washington County. On 7/21/2017 the Department received a Notice of Non-Compliance from Inspect Minnesota & Midwest Soil Testing for an SSTS located at 4736 McDonald Drive Place which was inspected on 7/17/2017.

The Department has reviewed this Notice of Non-Compliance as well as the permit for the SSTS and associated soil borings. The Department finds that the system was designed and installed in conformance with the applicable standards and therefore need *not* be replaced, or its use discontinued, at this time.

Please contact me at 651-430-4052 or chris.leclair@co.washington.mn.us with any questions.

Sincerely,

A handwritten signature in black ink, appearing to read "Gary Bruns".

Gary Bruns
Environmental Program Supervisor
